

Statewide Action Planning to Support and Enhance Implementation of RTI

Updated Goals and Vision Statements

March 21, 2008

Short-Term Planning

Goals

Goals for the implementation of RTI in Montana by December 2008:

- Goal 1:** An established OPI RTI implementation team and a statewide steering committee representing key stakeholders are working together within a consistent framework and knowledge base for implementation of the RTI process.
- Goal 2:** The OPI RTI implementation team will work within OPI to ensure that RTI is included in the conceptualization and implementation of major initiatives and programs (e.g. Title I, Special Education, Reading First, Indian Education for All, Accreditation, Assessment, etc.).
- Goal 3:** All Montana school districts and other stakeholders will have access to high quality professional development pertaining to the Montana RTI Framework.

Long-Range Planning

Our Vision

By December 2010, our vision for our state is...

1. **Shared Leadership and Understanding:**
All stakeholders involved in RTI believe in, are knowledgeable about, and are invested in helping all students be successful through implementation of a unified RTI Framework.
2. **Comprehensive Statewide Initiatives:**
Districts involved in RTI are encouraged to integrate RTI implementation processes into the Five-Year Comprehensive Education (Continuous Improvement) Plan.
3. **Professional Development Processes and Initiatives:**
Educators involved in RTI will be engaged in high-quality, accessible, affordable, sustained professional development that is relevant to the implementation of the Montana RTI Framework with fidelity.
